

**Temporary Curbside Pickup - Round 2
(Responses through 11/3/20)**

Might your business be interested in a nearby temporary curbside pickup zone, possibly through the holiday season?	What is your primary business type?	Regarding the initial temporary curbside pickup initiative in the spring, what worked well?	What might you recommend for changes or improvements to the temporary curbside pickup zones initiative?	In addition to the curbside initiative, what else might be helpful for Downtown Minot to consider as coordinated neighborhood efforts in response to COVID-19?	Business Name	Contact Person	Email Address
Yes	Food & beverage	Signs were suuuper nice!	The gates scratched a couple people's cars (not really our fault) but when we moved them partway on the sidewalk that seemed to happen less (is that what we did? I can't quite remember)!	I sort of wonder if getting a good campaign going like the Hometown Hype Team we were chatting about might be helpful- find and identify for people- and tell them they are the Helpers- here's that Lemmon info I was talking about- https://www.dakotanewsnow.com/content/news/Some-cities-reporting-higher-sales-tax-revenue-during-COVID-19-pandemic-571279881.html	Prairie Sky Breads	Jazmine Schultz	Jazmineschultz@gmail.com
Yes	Food & beverage	Publicity	N/A	Lots of help with marketing/public relations, etc.	10 North Main	Dustin Stredwick	10@tennorthmain.com
Yes	Food & beverage	I think it worked okay	as we move into the winter months will the barriers become a hazard for snow removal?		Minot Commission on Aging Inc.	Roger Reich	mcoapsc@srt.com
No	Media - but for multiple businesses & variety of type	daily specials, parking specific for pickup	a map of who's a part of the initiative		Found Focus Media	Kellie Sink	
No	professional services	from an outside patron of the efforts, I felt this was organized and went well, certainly want to continue support of our downtown	strengthen communications around this and use partner organizations to help push out information		Odney	Brekkia Kramer	bkramer@odney.com
No	Retail			I've struggled with how to not make this come out wrong, so please try not to read this in a negative light. I understand fully the plight of restaurants and bars right now, but the circumstances we are currently in are very different from what happened in the spring. In the spring, most Main Street businesses voluntarily closed, cut back hours, or went to appointments only, therefore downtown streets were pretty bare. Currently, we are not mandating regular business closures/changes at this point and our streets are pretty full. Quite a few spaces on the east side of the 100 block of Main Street were reserved for curbside pickups. That took a lot of parking away from the other businesses' customers. Towards the end of the spring curbside pickups, this was becoming an issue and people were beginning to complain. With winter coming, I foresee this potentially being a very big problem, especially for the retail shops that rely on the holiday season to make it.	Lien's Jewelry	Sheri Lien	liensjewelry@srt.com
Yes	Retail	We didn't have curbside the first time			Taube	Rachel	Taube@srt.com
Yes	Retail	We didn't have a fence or sign but I think it would be great to have for us.			Flower Central	Niki Brose	flowercentral@srt.com
Yes	Retail	Customer perception of easy of access.		With winter coming we will need for everyone to keep up on snow. We can't afford to loose business because people think parking is difficult.	Margie's Art Glass	Margie Bolton	margiez@srt.com
Yes	Retail	we didn't own the store then - purchased in June			Mainstream Boutique	Dawn Gullickson	dgullickson@mainstreamboutique.com
Yes	Tax & Accounting	Front door was open, but we had the main office door locked and had a drop box and clients could ask for what they needed through the glass. If they wanted to talk to an account we asked them to call.	I think it has been good, as long as everyone wears a mask.	Downtown merchants need to wear a mask and would be great if shoppers would also!
