Board Members:

Per our Monday and previous discussion, here's the updated resolution revising membership structures and rates.

There are some simple language changes to the membership (Addition of "Maker"), the addition of "Professional" memberships (intended to capture Real Estate agents).

The other big change is to retroactively make these the 2021 renewal rates for all members. That's because no one has yet paid dues for 2021, and it allows us to simply start fresh and run rather try to

juggle two different rate structures for new members and previous members.

If you have questions or comments concerns, please share them in this email as it will become a part of the record. I will respond in kind.

To move this forward, we would need a motion, a second, and five votes in support.

Respectfully,
JW
